

**LETS DO SOMETHING**

## **Game 47.**

# **COUNTING NUMBERS**

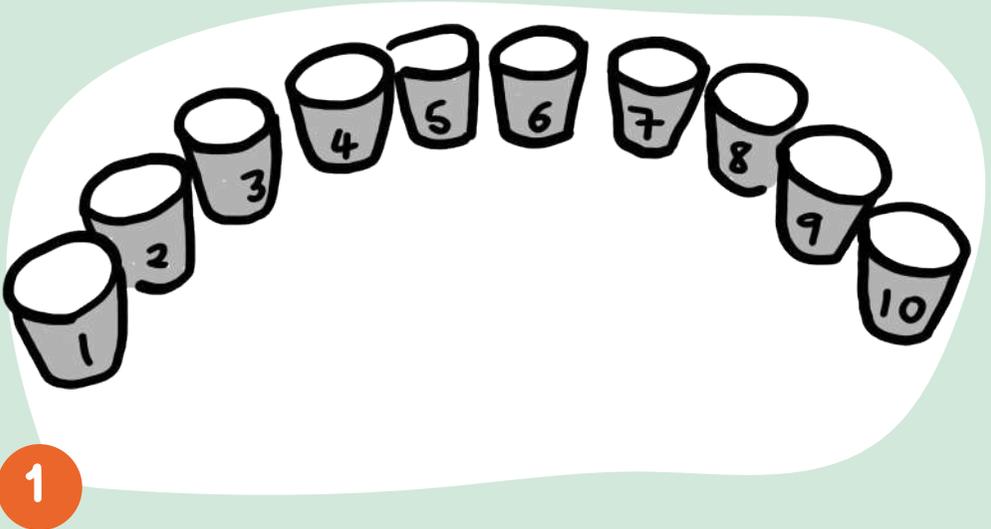

**Instructions**

# Introduction:

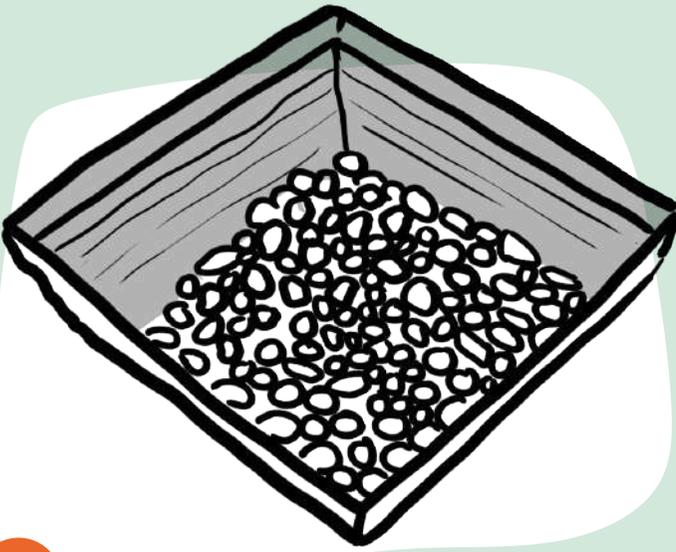

## Materials:

10 Cups, Natural Items for Counting (rocks or beans)

1

Make ten cups and write the numbers 1 to 10 on them

2

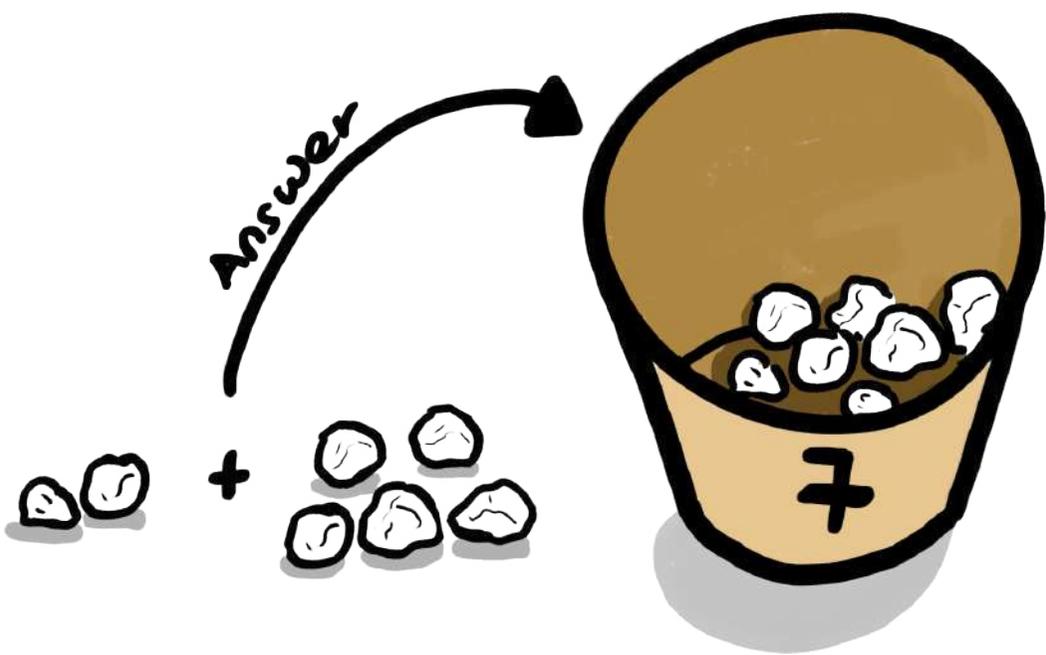

Use the rocks or beans as counters

3

Use the cups for addition and subtraction or multiplication and division, if you want a challenge!

For example, what does 7 minus 2 equal? Count out 7 rocks and subtract 2 rocks. Take the remaining rocks and fill the correctly labelled cup to get the answer!
