

**LETS DO SOMETHING**

**Game 08.**

**GAME OF  
LIFE**

**Instructions**

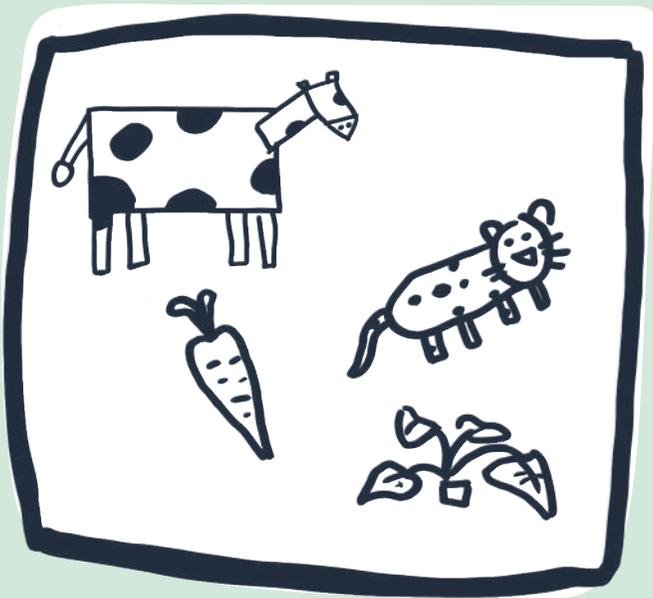

## Introduction:

Learn what animals eat and play tag

1. All people and animals need energy to run and jump
2. Where do your animals get their energy from?
3. Different animals eat different things:
  - A. Animals that only eat plants are called herbivores
  - B. Animals that only eat other animals are called carnivores
  - C. Animals that eat plants and animals are called omnivores

## Materials:

Paper Animals

1

Each person is given a different animal or plant to pretend to be

2

**Play a game of tag: chase the person who is the type of food that your animal would eat**

3

**When you catch the right kind of food, you become 1 team**

**For example, if a cow catches a plant, they become a team. If a leopard then catches the cow, all 3 become 1 team**

4

**The biggest team of animals and plants wins**

## **Final Results**
