

# Power of Play

“Play is the work of the child.”

## Games to Play With Your Infant

This poster has been created with financial support from the Aga Khan Foundation and Global Affairs Canada, and its content is derived from the Aga Khan University literature

# Toy and Play Safety

## Toy Size

Should not be too large or too small.  
Should not pose choking hazards.

## Age Suitability

Select toys keeping in mind your child's developmental ability.  
Supervise them while they play with toys.

## Cleanliness

Make sure that you clean all the toys, wash the fabric and stuffed toys as your baby might take them to mouth to suck.

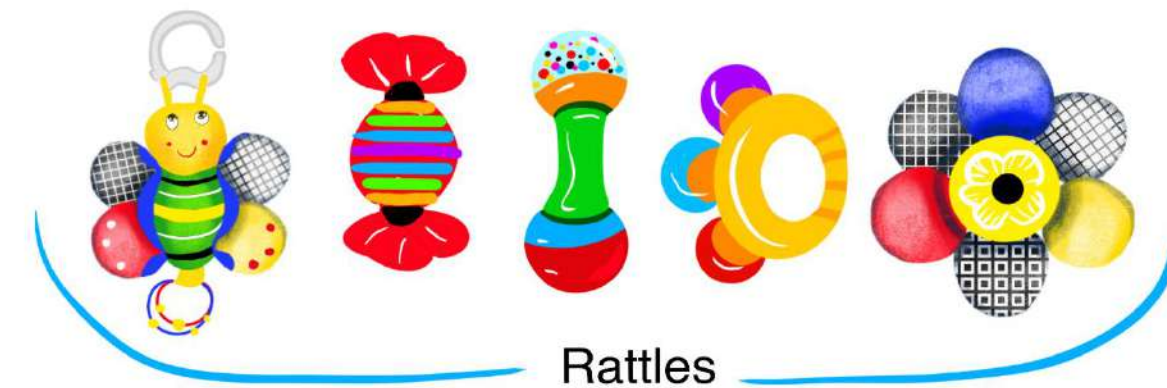

## Sharp Edges

Ensure that the toys do not have broken and sharp, pointed edges that could harm the baby.

# Toys for 0-6 months

When choosing toys understand the following:

- Keep development and age in mind.
- Children learn through senses choose toys that can stimulate their senses.
- Encourage exploration but don't compromise on safety.
