

Module 3 – Lesson 2: Using your sphere of influence

Your Task: Visit the practice map on the Pando and select a specific organisation within the map. Identify that organisation's first, second, and third degrees of separation.

Then use the concepts that we learned in the Relationships and Social Capital lesson to use directionality and relationship strength to see if you can identify the most influential organisations within that sphere of influence. Are there organisations that have lots of arrows pointing towards them? What do you think that means?
